WHO WE ARE

Innoceana is a global marine conservation nonprofit dedicated to **preserving the ocean for future generations by empowering and educating coastal communities**, leading collaborative research projects, and harnessing cutting-edge technologies.

Our **mission** is **to effectively protect areas of the ocean critical to the future of humanity and planet Earth's ecosystems**. Our **experiences** offer marine focused expeditions that infuse the love of adventure with a passion for marine conservation.

All the proceeds from our activities go directly to **funding the critical marine conservation and education work** we are carrying out in **Costa Rica**.

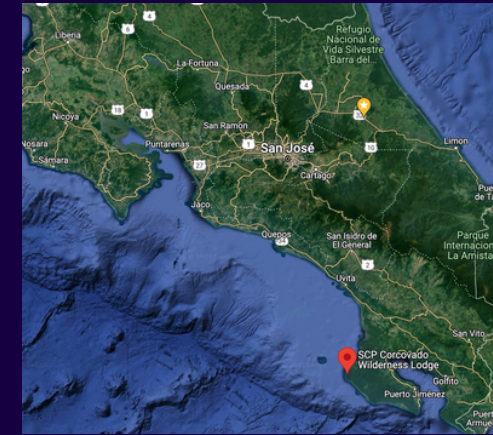

WHAT IS A DISCOVERY SCUBA DIVING (DSD)?

If you're looking to experience the feeling of **breathing underwater**, the **Discover Scuba Diving experience** is a quick and easy introduction to what it takes to explore the underwater world.

Though not a scuba certification, this will provide you with a glimpse of what diving is like. **No previous diving experience is required**, you only need to be **medically fit** for diving and you must be at least 10 years old.

You will **learn** the basic safety guidelines and skills needed to dive under the direct supervision of a **PADI Professional**.

We will provide you with all the basic diving equipment, basic diving knowledge and you will discover first-hand the **wonders** that the waters of **Isla del Caño Biological Reserve** hide.

DISCOVERY SCUBA DIVING EXPERIENCE

\$270. One-day and a half experience.

Includes: Half day of pool practice + 1 day in Isla del Caño with 1 dive and a snorkeling session, a certified instructor, dive equipment, biological reserve entrance fees, lunch and snacks on the boat.

Isla del Caño is a pristine island in the Pacific Ocean. It hosts the most biodiverse **coral reef** in the Pacific of Costa Rica, is a nursery for hawksbill turtles, and a home for an incredible number of **marine species:** sharks, nudibranchs, turtles, octopus, tropical fish, seahorses, etc. Situated right within an **important migration route**, Isla del Caño also welcomes numerous species of whales, dolphins, manta rays, bull sharks, hammerhead sharks, whale sharks, the list goes on... A little **paradise** in the middle of the Pacific Ocean.

You will learn about the **marine ecosystem**, understand how to preserve it, and help us collect precious data on the quality of water, turtle migration routes, marine invertebrates, coral health and much more. Have a **positive impact** while enjoying nature's wonders.

Schedule

DAY 1

- **6:30 AM:** Half day training in the pool + equipment fitting.

DAY 2

- **6:20 AM:** Breakfast time.
- **7:20 AM:** Meeting at guide house to try on equipment and receive a brief lecture about our conservation projects.
